Why does Darigold milk last longer?

- Ultra-Pasteurization.
- Ultra pasteurized simply means that the milk has been heated under pressure at a higher temperature for a shorter period of time (280° for two seconds versus 167° at 15 seconds for standard pasteurized). This advanced technology extends the shelf life to 60+ days. (from 18 days).

Darigold's 1% Low Fat Chocolate Milk is made with real cocoa, has 9 essential nutrients, is an excellent source of calcium, vitamins A & D and is rbST free.
